Funerals are a difficult time for any family, especially during these unprecedented times of the Coronavirus crisis. SPW Cremations are here to help Perth families, we now have Online Streaming for our Funeral Services.

When family or friends are unable to attend a Funeral Service, they can still watch the Service in real-time and be part of the Funeral.

We are using Tablets and Zoom Meetings to Live Stream the Services, meaning that we can literally Live Stream from any location, such as Churches and even the Graveside.

Pro Av Solutions are providing Streaming of the Funeral Service at the Metropolitan Cemeteries Board (MCB) Chapels.

Streaming of the Service is also available through In Memorium Productions, Ph: 08 9227 0495 and 3Media Ph: 08 6498 8003.

Will incur an additional charge of approximately \$385.

A Link will be emailed out to the administrator the day prior to the Service.

If watching the Service via Zoom, please make sure your device is muted throughout the Service and you do not share your screen.
